Command Post Exercise (CPX)
Exercise 4: Operational Environment Development

1. **Scenario:** You are a RAF planner. You and your counterpart are planning a CPX. You have the following information:

   - TC 7-101 (Exercise Design)
   - UN Specialized Training Materials (STM) Mission Specific Infantry Battalion CPX Training (Modules 1-4)
   - UN Specialized Training Materials (STM) Module 6 Scenario Based Exercises on Protection of Civilians (Scenario Materials)

2. **Task:** Using the reference materials provided as guides, working with a partner, review the scenario documents for the Carana Scenario and identify what type of additional PMESII-PT information would be required to set the stage for a battalion CPX.

3. **Purpose:** To understand the process of adapting an existing scenario to the battalion level for a CPX

4. **Time:** 20 Minutes
